A BRIGHT PLACE TO WORK OR PLAY

Gain the extra space you need with a custom-built Timber Frame building with a fabric roof. We-Cover Structures has combined the benefits of bright natural light inside with the rustic timber frame structure that can be customized to suit the architecture of your estate, making your personal space truly yours.

The We-Cover Timber Frame design is available in sizes up to 40' wide and unlimited length, ideal for a hobby farm, workshop or storage shed. Inside, are laminate wood posts and trusses providing a clean look with board and batten cladding on the outside. The overhang is also designed for eaves trough installation for proper drainage away from the building.

Contact We-Cover Structures for more details about your timber frame building with a fabric roof, we're happy to shed some light on the situation.
